Barefoot Days *by Rachel Field*

In the morning, very early,
That's the time I love to go
Barefoot where the fern grows curly
And the grass is cool between each toe,
On a summer morning - O!
On a summer morning!

That is when the birds go by
Up the sunny slopes of air,
And each rose has a butterfly
Or a golden bee to wear;
And I am glad in every toe -
Such a summer morning - O!
Such a summer morning!

There's no need for those winter blues - summertime is finally here! As the days begin to get longer and the temperatures start to climb, you know what this season brings: relaxing meetings with friends, taking weekend trips with the family, and enjoying all the backyard barbecues your friends have to offer. If all of that doesn't get you excited, this summer The Bingo Times edition certainly will ☺.

SUMMER IS COMING

I like relaxing when I am on a beach in the summer. I like this, because I don't have a lot of time during school year to relax. This is why summer is the best time for me to do it.

But there are people who like extreme experiences. They like going to amusement parks to ride all the rollercoasters. Some like bungee jumping or paragliding. These activities are dangerous, because the bungee rope can break during jumping and the rollercoaster trolley can fall off the track. I wouldn't visit one of these or other extreme places – I prefer a calm beach and a colourful countryside 😊.

There are many interesting destinations for tourists in Poland. The most popular of them are: Cracow, Warsaw or Poznan. These cities are popular, because all of them are very beautiful and old. There are many beautiful buildings, like St. Mary Church in Cracow, Royal Castle in Warsaw or buildings in Old Town in Poznan.

Poles as well as foreigners visit these places and they are equally popular in both groups. We visited these cities in the past, because they were interesting for us. We liked them very much.

SUMMER IS COMING

I like holidays very much and I can't wait for this summer vacation. But before going on holidays I am going to visit Ukraine with so-called "green school". Green school in Poland is a period of time when students from all but the last classes go into the woods, visit another countries, cities or towns. Usually it starts in May and finishes in the middle of June. When younger students are away, the students from the last classes write their final exams. I don't know whether other countries have something like this.

I prefer holidays which include a lot of activities, because I am a really energetic person. I don't like to stay in one place for a long period time. For me it is extremely boring to stay in one place for more than two days. But my parents on the other hand love lying on the beach and doing nothing. I don't get it. I am happy when I travel and I am excited wherever I go and it does not matter whether those are mountains, cities or beaches.

I am not into dangerous sports, so I don't know that many dangerous places, but I do know a couple. For example, the mount Everest. It is the highest mountain in the world and one of the most dangerous ones. A lot of people who tried to conquer it died there. One has to have a lot of climbing equipment because not all parts of the route are easy to climb using bare feet and hands. Durable warm clothes, Everest overalls to keep a person warm and dry. Food and water is something one should not forget about. One cannot climb the mountain without an oxygen bottle because the air there lacks oxygen and it makes it even more difficult to climb it.

The other place that is dangerous is the Chernobyl. The city is notorious for its catastrophic nuclear event that occurred on 25-26 April 1984 in the No.4 nuclear reactor at the Chernobyl Nuclear Power Plant. I would really like to visit it because there is no place like this in the world. Everything looks like it looked back then and it is very creepy. My dream is to go there and spend a night in a tent.

SUMMER IS COMING

In my opinion, tourists who come to Poland are mostly attracted to cities. These are, for example, Cracow, Torun, Warsaw, Gdansk and Wroclaw. Each of these cities stands out from the others. Cracow has such monuments as the St. Mary's Church and Sukiennice. Torun is famous for its gingerbread. Warsaw is the capital of Poland and there is the Royal Castle there. Gdansk has numerous monuments such as the Crane Gate, the Neptune Fountain and is associated with amber. Wroclaw has a zoo, which is very large and there are various animals in it, ranging from lions to penguins. One cannot forget about the national parks that are in Poland. The biggest of them is the Biebrzanski National Park. You can see the beauty of Polish nature in them.

In my opinion, not only foreign tourists visit these places, because, for example, I was in all of these places together with my class. I think that these places are the most characteristic and popular in Poland.

SUMMER IS COMING

My favourite holiday was in Croatia. You can see many monuments in there; for example the amphitheatre in Puli. In that country I also saw many animals on the beaches – crabs and cicadas. Once I even saw an octopus ! My uncle caught it with a net.

This time, I'll take my parents, sister and cousin Victoria. I'm sure, we'll have a lot of fun. In Croatia the food is very diverse. For example there is a dish called „burek”. It is meat in a filo pastry. Besides in Croatian one can eat a lot of fish and sea food.

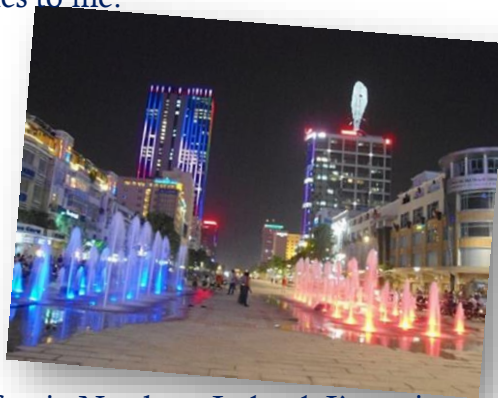

I will definitely swim in the Mediterranean sea. I will take underwater pictures. I will sunbath and try to catch small fish and shrimps. I will play with my sister and – what I like the most – I will go to the beach bar with my mum. We will drink soft drinks and talk. We have prepared very nice beach outfits for these occasions. My dad is the best companion to build sand castles and play beach sports with.

I'm going to spend my summer holidays with my family. I'm flying to Vietnam by a plane. I will stay in Ho Chi Minh for a month. I'm taking my family with me. I am going to see the president of Ho Chi Minh. I'm interested in walking through the Nguyen Hue Street . I'm going to try a local food, because my grandma recommended several dishes to me.

This summer I'm going to Belfast in Northern Ireland. I'm going to spend two weeks at my uncle's and my cousins' place. I will go there alone. I've been there twice and I really liked the place. People were more optimistic. In this place the Titanic was made. They have many souvenirs with the Titanic. In the centre of Belfast there is a huge mall called Victoria Square. There are also many beautiful parks rich in nature. They really care about their nature. Belfast abounds in old architecture and many futuristic restaurants. There are many Poles there and even a Polish shop!!

SUMMER IS COMING

This summer, in July, I'm going to a scouts camp. Of course I will to stay in a forest. It will be the biggest adventure of my life. I'm going with my brother, sister and friends, but I plan to meet many other people. I'm going to learn new skills, for example: how to build a raft. I might try local food, but I definitely will eat sausages roasted in a campfire.

We prefer summer holidays, because we and our friends can go outside and ride bikes, rollerblades, play football etc. We have more activities to do, for example: swimming in the river, canoeing, playing football, volleyball, handball, basketball and a lot more. In the summer we eat more ice cream and they taste better than in the winter. In the summer nature is more beautiful than in the winter. There is much more sun and people are happier than in the winter and they spend more time outside their homes.

During winter holidays many people stay at home because it's cold and windy. Nowadays we don't have much snow, only mud, so even building a snowman isn't fun.

Summing up – SUMMER HOLIDAYS ARE BETTER ☺.
